

Introducing CBTR Labs

Discover the benefits of using our independent lab.

See Better (CBTR) Lab is the independent lab of choice that makes the Avēsis proprietary brands: EyeFOCAL lenses and ActiveAR coatings.

(CBTR) Optical is a full service digital lab providing the highest quality, most accurate, “true to Rx” optical lenses available. Our lab management software controls the flow of jobs across our automated conveyor system which keeps our production system humming, moving your orders smoothly through the process and to your door.

Here are just a few of the benefits you get as a provider in a lab state:

1. State-of-the-art digital processing abilities
2. In-house AR capabilities
3. Complimentary shipping to and from CBTR
4. Easy ordering through an online portal
5. Crystal clear single-vision and progressive EyeFOCAL lenses and ActiveAR coatings— two brands available nowhere else
6. Access to other name-brand lenses and coatings
7. Quick turnaround time

Let's talk more about our lens options and prices.
